On November 19, 1987 the RIVERSIDE-BROOKFIELD HIGH SCHOOL EDUCATIONAL FOUNDATION was incorporated as a not for profit corporation, organized exclusively for educational purposes pursuant to Section 501 (c)(3) of the Internal Revenue Code. The incorporators were the Superintendent, Business Manager and President of the Board of Education of Riverside-Brookfield High School. Initial funding for the Foundation was provided by the High School and by each member of the Foundation Board of Trustees. The Foundation was established to serve as a receptacle for any grants or memorial donations made to the High School or to the Foundation for the benefit of the High School or its student body; to administer the same in accordance with the conditions of such donations, and to serve as an organization to raise funds for distribution to the High School and/or to student or faculty members thereof to promote educational projects and enhance the educational experience. The Foundation has established a grant program to provide for such educational experiences which are supplementary to normal school budgetary and operational functions, using the facilities of the High School to conduct a televised fund raising effort. Grants are given to programs and activities of the High School that can be identified directly or indirectly as part of, or in support of, High School instructional and co-curricular programs.
